

Flexible, effective business telecoms solutions that save you money

VoIP is no longer a new technology. It's not difficult, but the benefits are huge. All you need are IP phones and an Internet connection. We do the rest. We use the highest quality connections to give you the best service. You will feel like your customer is next door to you. It's that good.

How SureVoIP saves you money

- ➔ Keep your existing phone number, don't lose advertised numbers
- ➔ Excellent Disaster Recovery features
- ➔ Calls between branches are free even where branch offices are in different countries
- ➔ Makes your business and customers life simpler by saving you money, offering you new features, allowing you to connect remote users and prepare for growth
- ➔ Your existing equipment investment is retained and SureVoIP can be rolled out where appropriate

"As a 100% remote working business with high international call volumes, Emerge could not survive without a top-drawer phone system. SureVoIP's excellent call quality, functionality, tariffs and customer service made our choice of telecoms partner a simple one. None of the other trial competitors came close."

EMERGE BUSINESS DEVELOPMENT LTD.

"For Ahlulbayt TV (Sky 842), SureVoIP was our first choice, and I'm glad to say we have never looked back. Excellent customer service coupled with great prices. Thanks for the service, and long may it continue."

AHLULBAYT TV

"Bureau Plus works with SureVoIP to give us the flexibility we need to help manage our virtual office and virtual telephone accounts. VoIP technology is ideal for the small or startup client base we target and add this technology to the service you get from SureVoIP gives us total piece of mind that we can continue to grow and develop our platform and more especially grow our business."
